## Experience

### BrainX

Co-Founder & CTO  
January 2023 - Present (3 months)  
Vietnam

### Eble Tech

Co-Founder & CTO  
September 2018 - Present (4 years 7 months)  
Melaka, Malacca, Malaysia

We provided services to few telecom agent companies. Build Shopify apps, provide customised software services. We built web scraping and automation bots for based on customer requirements.

### Engineering Studio Denver

Technical Lead  
September 2022 - December 2022 (4 months)  
Colorado, United States

I led an IoT team and delivered an awesome End-dump monitoring system. We built the firmware and customer dashboard. The Electronic team built a compact circuit board which can be used for multiple purposes.

#### Kavax Media

##### Full Stack Developer

October 2021 - September 2022 (1 year)

33 Cavendish Sq, London, W1G 0PW, United Kingdom

I have built their customer relationship management system including their landing pages. I built some web scraping tools to scrap data for business purposes. Designed the UX and contributed to develop business model.

#### E Eye

##### Software Developer

July 2020 - July 2022 (2 years 1 month)

Kuala Lumpur, Federal Territory of Kuala Lumpur, Malaysia

Built a data analytics tool for IoT devices using Laravel, Python and VueJS.

#### Multimedia University

##### Senior Programmer, R&D

February 2020 - June 2022 (2 years 5 months)

Melaka, Malacca, Malaysia

Worked on developing deep learning model for emotion recognition system. Analysed ECG data and built an IoT system to read ECG, detect emotion and control home appliances based on emotional states.

#### appseden

##### Project Manager

June 2015 - August 2016 (1 year 3 months)

Chattogram, Bangladesh

We, a group of passionate entrepreneurs started this tech company. We built and launched our service named Meditrail.

---
